A highly concentrated general purpose cleaner designed to cut through the toughest soil conditions, and leave surfaces sparkling clean with a fresh pleasant citrus odor. An effective buffering agent combined with natural citrus oils maintain effective cleaning power under heavy soil loads. Contains HydroSolv 2000 technology, a fast acting powerful solubilizing agent that dissolves and suspends any soil, allowing it to be wiped or rinsed away completely.

#### DIRECTIONS

FOR LIGHT DUTY CLEANING: Dilute 2 ounces of concentrate per gallon of water.

FOR MOP CLEANING OR MACHINE SCRUBBING OF FLOOR FINISHES OR MEDIUM DUTY CLEANING: Dilute 3 or 4 ounces of concentrate per gallon of water.

FOR HEAVY DUTY INDUSTRIAL CLEANING: Dilute 6 to 8 ounces of concentrate per gallon of water.

Apply a liberal amount of solution onto the surface to be cleaned and allow to stand for a few minutes to allow product to penetrate into soil. Brush or scrub surface and pick-up. Rinse thoroughly with clean water.

FOR USE IN AUTOMATIC SCRUBBERS: For daily maintenance of non-industrial floors, dilute 3 to 4 ounces of concentrate (depending on soil conditions) to each gallon of water in the solution tank.

For use in heavy industrial applications, dilute 8 to 12 ounces of concentrate (depending on soil conditions) to each gallon of water in the solution tank.

FOR USE IN PRESSURE WASHERS: Adjust spray nozzle to deliver 1 part concentrate to 30-60 parts water depending on soil conditions. Rinse thoroughly with clear water.

These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used.

This product meets the maximum content requirements for Volatile Organic Compounds (VOCs) as established by State and Federal regulations.

#### WARNING

EYE AND SKIN IRRITANT. Avoid contact with skin, eyes, and clothing. Wear protective rubber gloves when handling. Wear protective eyewear (chemical splash goggles) where potential for mist contact may occur. Use in well ventilated areas. Avoid breathing of vapors or mists. Do not take internally. Harmful if swallowed. Keep out of the reach of children. For professional use only.

#### FIRST AID

EYE CONTACT: Flush with water while holding eyelids open for at least 15 minutes. Call a physician immediately.

SKIN CONTACT: Remove contaminated clothing. Wash thoroughly with water. If irritation persists, call a physician immediately.

INGESTION: Do not induce vomiting. Immediately drink large quantities of water. Contact a physician.

INHALATION: Remove to fresh air. Seek medical attention if symptoms persist.

#### CONTAINS

Water (7732-18-5), Nonylphenol Ethoxylate (9016-45-9), Tetrasodium EDTA (64-02-8), Amphoteric Surfactant (119345-04-9), Sodium Metasilicate (6834-92-0), Propylene Glycol N-Butyl Ether (5131-66-8), Dipropylene Glycol Methyl Ether (34590-94-8), d-Limonene (5989-27-5)
