ULTRA RECON Smoke Odor Sealer is a revolutionary high performance smoke odor sealer. It is a premium-grade, odorless, water-based finish designed as a primer and topcoat for structural, finished and decorative surfaces. This product is specifically designed to encapsulate malodor neutralization technology prevents smoke odors and stains from migrating through the surface. ULTRA RECON Smoke Odor Sealer is a revolutionary finish designed to encapsulate malodor neutralization technology prevents smoke odors and stains from migrating through the surface. ULTRA RECON Smoke Odor Sealer with OdorLock Plus technology is water based and does not contain flammable solvents. Unlike typical water based coatings that block tough staining, ULTRA RECON Smoke Odor Sealer offers a DTM primer to prevent flash rusting. Topcoat with ULTRA RECON Smoke Odor Sealer to encapsulate any residual odors that remain.

Applications:
- Woodtone
- Paint
- Primer
- Sheetrock
- Wood
- Masonry
- Concrete
- Ferrous metals may require a DTM primer to prevent flash rusting. Topcoat with ULTRA RECON Smoke Odor Sealer to encapsulate any residual odors that remain.

Precautions:
- Keep out of reach of children.
- Keep from freezing.
- Do not mix with any other coatings, solvents or colors in oil.
- Do not use on any surface where exposure to lead is possible. This product is not designed for use on lead based surfaces. ULTRA RECON Smoke Odor Sealer is a revolutionary finish designed to encapsulate malodor neutralization technology prevents smoke odors and stains from migrating through the surface. ULTRA RECON Smoke Odor Sealer with OdorLock Plus technology is water based and does not contain flammable solvents. Unlike typical water based coatings that block tough staining, ULTRA RECON Smoke Odor Sealer offers a DTM primer to prevent flash rusting. Topcoat with ULTRA RECON Smoke Odor Sealer to encapsulate any residual odors that remain.

Tips:
- .015 to .021 tips
- 2000-3000 P.S.I.
- Spray settings: Airless

Product Information:
- 126 FL OZ
- 3.73 L

Product Application:
- Uniformly by brush, airless spray or roller. Apply one coat of ULTRA RECON Smoke Odor Sealer and ensure that the finished surface is properly sealed. Two coats may be required on some porous or heavily stained surfaces. Topcoat floor applications when foot traffic or heavy storage is expected. ULTRA RECON Smoke Odor Sealer is a revolutionary finish designed to encapsulate malodor neutralization technology prevents smoke odors and stains from migrating through the surface. ULTRA RECON Smoke Odor Sealer with OdorLock Plus technology is water based and does not contain flammable solvents. Unlike typical water based coatings that block tough staining, ULTRA RECON Smoke Odor Sealer offers a DTM primer to prevent flash rusting. Topcoat with ULTRA RECON Smoke Odor Sealer to encapsulate any residual odors that remain.

Time:
- To Touch: 30 Min.
- Recoat: 2 Hours
- Topcoat: 2 Hours

Coverage:
- 200-400 sq. ft./gal.

Cleaning:
- Clean tools and drippings with warm soapy water before ULTRA RECON Smoke Odor Sealer dries. The coating and primer are designed to encapsulate malodor neutralization technology prevents smoke odors and stains from migrating through the surface. ULTRA RECON Smoke Odor Sealer with OdorLock Plus technology is water based and does not contain flammable solvents. Unlike typical water based coatings that block tough staining, ULTRA RECON Smoke Odor Sealer offers a DTM primer to prevent flash rusting. Topcoat with ULTRA RECON Smoke Odor Sealer to encapsulate any residual odors that remain.
