IAQ 6000 GEN3 is a next generation 50 state VOC compliant product that is formulated with a unique fungicidal agent to resist mold growth on the dry coating surface. IAQ 6000 GEN3 is a white, tintable and durable 100% acrylic water based coating for professional use. IAQ 6000 GEN3 has successfully passed ASTM D-21 mold resistance testing with the highest possible score. IAQ 6000 GEN3 is recommended for use on wood, plaster, masonry, concrete, marble, metal and fiberglass. It is resistant to mold only on the dry coating surface. IAQ 6000 GEN3 is a next generation 50 state VOC compliant mold resistant coating.

**PRODUCT APPLICATION**

- **Next Generation Mold Resistant Coating**
  - **WHITE** (Tintable)

- **For Use on:**
  - Wood
  - Primed metal
  - Concrete
  - Masonry block
  - Stucco
  - Wallboard, Sheet Rock, Gypsum Board
  - Wood foundation blocks
  - Ferrous metals
  - Non-ferrous metals
  - Brick
  - Block
  - Porous Surfaces
  - Smooth Surfaces

- **Precautions:**
  - Do not mix with any other coatings, solvents or colors in oil.
  - IAQ 6000 GEN3 is supplied ready to use, but can be thinned 50% of the tinting formula and adjust as necessary. Apply IAQ 6000 GEN3 with a brush, roller or airless spray equipment.

- **Coverage:**
  - Porous Surfaces: 150-300 ft²/gal
  - Smooth Surfaces: 250-400 ft²/gal

- **Clean-up:**
  - Clean tools and drippings with warm soapy water before IAQ 6000 GEN3 dries. The coating and any contaminated dilution material should be thoroughly air dried and collected according to local, regional and national regulations.

- **CAUTION!**
  - If you scrape, sand, or remove old paint from any surface, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SEVERE BLOOD DAMAGE, ESPECIALLY IN PREGNANT WOMEN AND INFANTS. LEAD EXPOSURE MAY CAUSE SEVERE DAMAGE TO THE DEVELOPING FETUS. WASH THOROUGHLY WITH SOAP AND WATER TO PREVENT CONTAMINATION.

- **Warning:**
  - If you scrape, sand, or remove old paint from any surface, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SEVERE BLOOD DAMAGE, ESPECIALLY IN PREGNANT WOMEN AND INFANTS. LEAD EXPOSURE MAY CAUSE SEVERE DAMAGE TO THE DEVELOPING FETUS. WASH THOROUGHLY WITH SOAP AND WATER TO PREVENT CONTAMINATION.

- **SAFETY DATA SHEET:**
  - Obtain special instructions before use. Use personal protective equipment as required. Avoid release to the environment. See SDS for full list of phrases. If exposed or concerned: Get medical advice/attention. Do not induce vomiting. Seek immediate medical attention. See SDS for full list of P phrases.
